All About Sharkathon

Sharkathon brings **real thinking skills** to school students and then puts them into shoes of **an entrepreneur, consultant and an investor ("Shark").** Students analyse business situations, interpret data, question founders, and take decisions under uncertainty, just like real-world investors and business leaders.

The Skills You Build

1

Critical Thinking

Differentiate between facts from opinions

2

Structured Thinking

Structure messy problems and solve with constraints

3

Decision Making

Choose the best option with incomplete information

4

Investing Fundamentals

Understand and decode business models.

5

Public Speaking

Justify decisions with clarity and confidence.

Why Participate

- **Integrated programme** that trains you for being an **entrepreneur, consultant and investor,** all as part of a single programme.
- **Get certificates and recognition** (and LOR for top performers)
- **Interact and with investors and senior industry leaders**
- **Top performers get a chance to visit and observe how a fund works.**
- Boost your profile with real business experience that stands out on applications.

Meet Your Mentors

Mr. Rajat Kumar

Nandan Capital | Ex-McKinsey | Wharton Alum

Mr. Mayank Kapoor

VP Leena AI | Alumn IIT Delhi & MIT

Mr. Siddhant Gupta

Founder, Himland Capital | Ex-VP Sixth Sense Ventures

Programme Format

01

The CEO Round (Online) | July 19

Applied business decision making challenge designed to test how you think, not what you know, through CEO style scenarios with limited time and incomplete information.

02

The Consultant Round (Online) | July 26

A strategy consultant style case, to analyse a company's trajectory, determine the core problem, and recommend a solution with clear, data backed reasoning.

03

The Investor Round (Offline/Hybird) | Aug 2

Selected students step into the role of a Shark, analyse demo startup pitches, question founders, decide whether to invest, and present their verdict to judges.

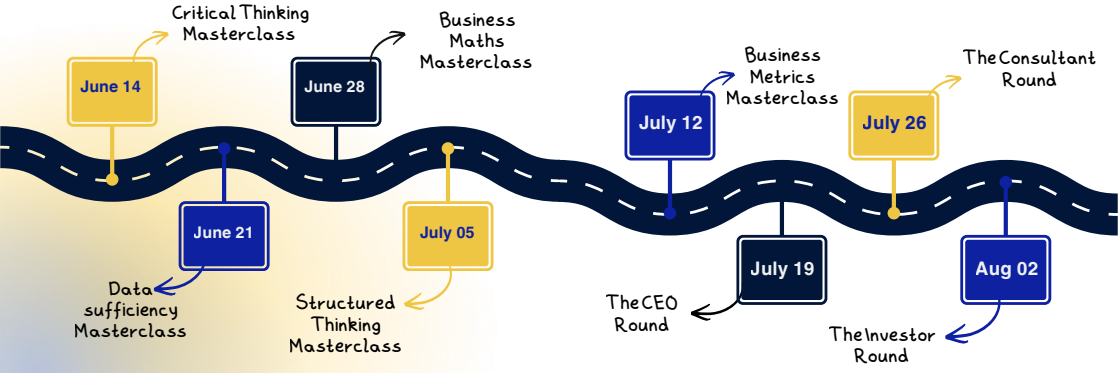
Judged by Venture investors & CXOs from leading startups and MNCs.

Learning

Specialised books on thinking, problem solving and finance principles and practice questions

Weekly live sessions with industry experts (recordings available)

Student Journey



Voices from Sharkathon

The unique and intriguing role reversal of judging and investing in an idea instead of pitching one changed how I analyse the opportunities around me.

Saanvi Aggarwal, Kunskapkolan, Gurugram

For the first time I understood how pausing and questioning everything to clarify problems and statement is super important for better decision making. Would love to be a part of it again.

Anushka Mittal, The Heritage School, Rohini

Sharkathon 2025 was organised well and supported children on their learning journeys. Based on real life cases and helps children spot value in business opportunities

Usha Narayan, Rumi Iyengar mother, Greenwood International School

Who can participate: Grades 9th-12th (and recent graduates)

Participation fee:
